NAME DR. JACKSON FOR MODERATOR

HE WILL PRESIDE OVER THE WINONA MEETING.

Presbyterian General Assembly Formally Opened—Dumberland Presbyterians Choose Rev. H. S. Williams—Baptist Home Missions—Society Elects Officers and Hear Reports.

Eagle Lake, Ind., May 21.—With the election of the Rev. Dr. Sheldon Jackson as moderator of the presbyterian general assembly Thursday, the meeting was formally opened.

Every train during the day brought commissioners and visitors in large numbers. The special from Chicago unloaded a crowd of Dr. Withrow's parishoners in time to hear his sermon. Dr. Withrow's text was from I. Peter, iv., 8, "And above all things, have fervent charity among yourselves."

The open session of the assembly was half an hour late in beginning; the devotional exercises were long, and Dr. Withrow's sermon required an hour in delivery, so it was well after noon before the morning's work was ended.

The congregation sang "My Faith Looks Up to Thee," and the Rev. A. J. Brown, secretary of the board of foreign missions, invoked divine blessing. The Rev. Dr. B. Sunderland of Washington, Father Sunderland, who was President Cleveland's pastor, led in prayer. He scored, with pious fervor, the Turk, the Spanish savage, the mystery of the European concert, and grieved because the people will not go forward to answer their own prayers.

At the beginning of the afternoon session Dr. Chapman nominated Dr. Minton for moderator. Dr. Spining presented the claims of Sheldon Jackson for the moderatorship, and the success of his candidate was in a large degree a direct result of his oratory. Other speeches were made, but the work was done, and a vote was ordered.

So even was the vote that not until near the very end was it assured that Dr. Jackson was elected. The colored commissioners from the southern states and the Indians from the South Dakota presbytery voted for Jackson. They have known his work in the mission field. George Washington of Kansas voted for Jackson. Benjamin Harrison and Gov. Mount of Indiana divided, the former for Minton and the latter for Jackson. John Wanamaker followed his pastor, Dr. Chapman, in support of Minton. When it was all over Sheldon Jackson had sixty votes to spare. Toward the end there was a scramble to get in on the winning side. But no one moved to make the election unanimous.

When Dr Jackson was brought to the platform his reception was most gratifying. The retiring moderator welcomed him with a tender speech, and the new moderator accepted the gavel in words well chosen.

His victory was a sentimental one, a triumph for the cause of home missions, and it is expected that the whole tone of the assembly and the year's work will be missionary in character as a result.

The gavel which Moderator Jackson wields is of hard woods native to the state, including beech, walnut, maple and oak. One piece comes from Wabash college, one from Hanover college, one from the old building at Hanover which was the original of McCormick Theological seminary, one from the First Presbyterian church of Indianapolis, which is the oldest church in that city, and one from the Second Presbyterian of the same place. The most interesting segment is from the old presbyterian church of Vincennes, built in 1806, and the first protestant church in Indiana. The first baptism on its rolls was that of John Scott Harrison, father of Benjamin Harrison.

At night the sacrament of the communion was administered to the commissioners, Dr. Withrow conducting the service. Among the elders who shared the duty of administering the bread and cup were Benjamin Harrison, John Wanamaker and James A. Mount.

Dr. Sheldon Jackson, the moderator of the presbyterian general assembly, was born in Minaville, N. Y., in 1834. He was graduated at Union college in 1855, and three years later at Princeton Theological seminary. With the exception of a portion of the period of the civil war, when he was engaged in hospital work in Tennessee and in the employ of the Christian commission in Alabama, the whole of his life has been spent in the home mission field in almost every state and territory west of the Mississippi river, as presbyterian and synodical missionary. In the course of his labors he has traveled 600,000 miles. In 1877 he went to Alaska and was the father of missions in that region. Subsequently he became united commissioner of education for Alaska and continues to hold this position. Recently he devoted his private means to the founding of a college in Utah.

CHOOSE A MODERATOR.

Cumberland Presbyterians Honor the Rev. H. S. Williams.

Chicago, May 21.—The general assembly of the Cumberland Presbyterian church convened Thursday morning with about 300 delegates in attendance. Dr. A. W. Hawkins preached the opening sermon on "The Mission and Power of the Church."

In the afternoon, when the real business of the assembly began, the Rev. H. S. Williams of Memphis, Tenn., was elected moderator. The attendance at this session was confined largely to the delegates.

When, after a few announcements of changes in presbyteries, Dr. Hawkins said that nominations for moderator were in order, Prof. Ira W. Howarth of the University of Chicago nominated the Rev. Hugh Spencer Williams. The Rev. W. T. Rogers of Tennessee nominated Gen. H. H. Norman of Murfreesboro, Tenn. The Rev. J. B. Cowan of Tennessee seconded the nomination. The Rev. E. O. Kerr of Chicago nominated Joseph H. Fussell of Columbia, Mo.

A vote by roll call was taken and the Rev. Hugh Spencer Williams was elected, receiving 130 votes to 75 received by Gen. Norman. Mr. Fussell received three votes.

The new moderator was the organizer of the first Cumberland Presbyterian church in Chicago. He was born in Caermarthenshire, Wales, where he received his education and was first licensed to preach. He came to America in 1870 and settled in New York. In 1877 he moved west and preached successively in Louisiana and St. Louis. In 1891 he withdrew from the Northern Presbyterian church and identified himself with the Cumberland Presbyterians, taking charge of the First Cumberland church in 1892. Two years ago he was called to the pastorate of the First Cumberland church of Memphis, Tenn.

Gen. H. H. Norman presided at the evening session. Rev. P. H. Swift, a member of the Methodist Episcopal church, extended the welcome of the Pastor's Association of Chicago to the visitors. On behalf of the Cumberland Presbyterians of Chicago, Rev. J. E. Gavin, pastor-host of the assembly, welcomed the delegates to the city. J. H. Goodknight of Franklin, Ky., responded to the address of welcome.

Rev. J. M. Hubbert of Lebanon, Tenn., dean of the only theological seminary controlled by the Cumberland church, and Dr. J. B. Cowan made the concluding addresses.

BAPTIST HOME MISSIONS.

Officers Elected—Report of Committee on Education.

Pittsburg, May 21.—The second day's session of the American Baptist Home Mission Society was called to order by President Porter at 10 o'clock Thursday. After devotional exercises the first business of the meeting was the election of officers, which resulted as follows: President, Stephen Greene, Massachusetts; vice presidents, W. G. Brimson, Illinois; C. W. McCutcheon, New Jersey; treasurer, D. A. Watterman, New York; assistant treasurer, W. P. Plant, New York; recording secretary, A. S. Hobart, New York; corresponding secretary, T. J. Morgan, New York; auditors, Edgar L. Marston, New York; L. P. Payne, New York; members of board, William Phelps, Stephen H. Burr, D. A. Watterman, R. B. Hull, L. J. P. Bishop and C. B. Canfield, all of New York; Edward J. Brockett, of New Jersey.

President B. I. Whitman, D. D., of Washington, D. C., then presented the report of the committee on educational work. As a preparation for the introduction of better methods and more effective work, the committee recommends the concentration and development of educational work chiefly at five important centers—Richmond, Va.; Raleigh, N. C.; Atlanta, Ga.; Nashville, Tenn., and Marshall, Tex.

President Augustis H. Strong of the Rochester Theological seminary asked that a protest be made against the proposal of the United States government to grant a piece of property at West Point to the Roman Catholic church. The matter was referred.

The convention adjourned late at night, after receiving and adopting the report of the committee on reslutions. One of the resolutions declares for the annexation of Cuba.

SOUTHERN PRESBYTERIANS MEET.

Rev G. T. Goetchins of Rome, Ga., Elected Moderator.

Charlotte, N. C., May 21.—The twenty-seventh annual session of the general assembly of the Presbyterian church was called to order in the First Presbyterian church Thursday. The assembly was organized by the election of the Rev. G. T. Goetchins of Rome, Ga., as moderator, and Drs. Wiggins and A. R. Cook as clerks. The religious service consisted of a sermon by the retiring moderator, the Rev. R. G. Mallard, who advocated interdenominational fellowship, the entire separation of church and state and a manly, educated, divinely called, gospel-ordained ministry. He spoke strongly in favor of the continued separate existence of the southern general assembly, to which overtures for consolidation have been made from the north.

Work of Illinois Methodists

Marion, Ill., May 21.—An increased interest was shown in the work of the Methodist Episcopal Church South conference Thursday. Considerable time was devoted to the selecting and instructing of committees of the organization. Rev. Robert Howell, of Murphysboro, presided over the deliberations.

SENATE SAYS WAR EXISTS IN CUBA

GLAD NEWS FOR THE ISLAND PATRIOTS.

Morgan Resolution According Belligerent Rights Passed by a Vote of 41 to 14—House Agrees to the Approation Asked—Senator Spooner Was Not With the Majority on the Vote.

Washington, May 21.—The long and exciting debate on the joint resolution recognizing the existence of a state of war in Cuba and declaring that strict neutrality shall be maintained by the United States passed the senate by the decisive vote of 41 to 14 at a late hour Thursday afternoon. The announcement of the vote was received with tumultuous applause. The resolution passed is as follows:

"Resolved, That a condition of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba, and that the United States of America shall maintain a strict neutrality between the contending parties, according to each all the rights of belligerents in the ports and territory of the United States."

The vote on the final passage of the resolution was as follows:

Yeas.—Bacon, Baker, Bate, Berry, Butler, Carter, Chandler, Chilton, Clarke, Clay, Cockrell, Cullom, Davis, Deboe, Foraker, Gallinger, Gorman, Hansbrough, Harris (Kas.), Heitfield, Jones (Ark.), Kenney, Lindsay, McBride, Mantle, Mason, Mills, Morgan, Nelsno, Pasco, Pettigrew, Pettus, Pritchard, Rawlins, Shoup, Stewart, Thurston, Tillman, Turner, Turpie, Walthall—41.

Nays.—Allison, Burrows, Caffrey, Fairbanks, Gear, Hale, Hanna, Hawley, Hoar, Spooner, Wellington, Wetmore, White, Wilson—14.

An analysis of the vote shows that the affirmative was cast by eighteen Republicans, nineteen Democrats and four Populists, and the negative by twelve Republicans and two Democrats.

Prior to the final vote the motion of Senator Hale, to refer the resolution to the committee on foreign relations, was tabled—yeas, 34; nays, 19. Mr. Fairbanks of Indiana proposed a substitute providing that the President extend the good offices of the United States to Spain toward securing an end of the conflict and the ultimate independence of the island. This, too, was tabled—yeas, 35; nays, 15. Then followed the adoption of the original resolution.

Mr. Hale, who had been the recognized leader of the opposition to the resolution, in his final word of protest spoke with intense earnestness. He said the foreign policy of this administration had been dictated by those in opposition to it. "I believe," continued Mr. Hale, "that the passage of this resolution involves the United States possibly, and I fear probably, in war in the near future."

Gives Hope to Cuba.

Washington, May 21.—The resolution appropriating $50,000 for the relief of American citizens was adopted in the house Thursday without a dissenting vote, but the democrats endeavored to force consideration also of the Morgan resolution for recognition of the belligerency of the insurgents. They accused the republicans of endeavoring to evade this issue, but the dominant party, through its spokesman, Mr. Hitt, made the important statement that the republicans desire not to embarrass negotiations which were being projected by President McKinley to secure the independence of Cuba. While Mr. Hitt disclaimed presidential authority for his statement, it was well known that he had been in consultation with Mr. McKinley on the question and knew whereof he spoke.

Meridian, Miss., Hotel Burned.

Meridian, Miss., May 21.—The Southern Hotel, one of the finest blocks of its kind in the south, was damaged to the extent of $150,000 by fire early on Thursday. The hotel was well filled with guests and a wild panic ensued when the alarm was sounded, but so far as known no lives were lost, though there were several narrow escapes.

Railroad Decision of Importance.

Des Moines, Iowa, May 21.—The supreme court has held in a decision that railway companies are not required to accept freight in cars of another company unless the shipment is billed through. The court is not absolutely sure even then.

Town Destroyed by Fire.

Boise, Idaho, May 21.—Information has been received here that the town of Bonanza, in Castor county, was destroyed by fire a few days ago. There are no particulars.

Spain Wants More Soldiers.

Madrid, May 21.—Gen. de Azcarraga, minister of war, has introduced a bill into the cortez providing for an increase of the army in Spain to 100,000 men.

Four Days' Session Closed.

Peoria, Ill., May 21.—The thirty-fourth annual convention of the Illinois General Congregational association, which has been in session here for four days, adjourned Thursday.

FIERCE FIRE RAGES AT HOBOKEN, N. J.

MANY PEOPLE LOSE THEIR HOMES BY FLAMES.

Entire Block In Ruins, Including Some Large Factories and Apartment Houses--Docks and Shipping Burned Outside Aid Asked For—The Loss Will Be At Least $650,000.

New York, May 21.—Twice Thursday night fire visited Hoboken, N. J., and the loss was heavy. One whole block was reduced to ashes, 140 families were rendered homeless and a big factory was destroyed. The Hoboken fire department was totally unable to cope with the flames, and help was summoned from every part of Hudson county.

The first fire broke out at 8:30 o'clock in the big factory building in the block bounded by 12th and 13th streets and Washington and Hudson streets. From the factory the flames leaped to the apartment houses in the block and they were swept away.

On either side of the factory were apartment houses. There were fourteen of the double flats, each one of the buildings being valued at $15,000. The factory building, with its contents, is estimated to have been worth over $250,000.

The entire fire department of Union Hill, West Hoboken and Weehawken responded to a call for help, as well as three engines from Jersey City. Despite this big aggregation of fire engines the flames spread with great speed.

The occupants of the apartment houses saved but little of their household effects. A policeman carried out two children from one of the houses, after they had been forgotten in the flight with the other occupants. A dying woman was rescued from one of the buildings after the fire had reached the bedclothes, but she was not harmed.

About 10:30, while the big fire was at its worst, fire broke out in the big dry docks of Tietgen & Lang, at the foot of 17th street. The dock, with six or seven canalboats, which the tug could not reach in time to save, was badly damaged.

The property loss is estimated by Chief Engineer Applegate of the Hoboken fire department to be $650,000.

A LOGANPORT BANK FAILS.

Closing of the State National Causes Alarm Among Depositors.

Logansport, Ind., May 21.—National Bank Examiner George Caldwell arrived here Wednesday and began an examination of the state national bank. Thursday he closed the institution in the interest of the depositors. Examiner Caldwell says the surplus has been partially used, the capital impaired and very heavy losses sustained. The capital stock is $200,000. The deposits will reach $300,000. Several hundred business men are seriously crippled. Many may be forced to assign. President Johnson has turned over his property, valued at $100,000. The bank surplus is $100,000 and the assessment on the stockholders will amount to nearly $200,000. The losses will reach over $300,000, and it is hinted that President Johnson speculated heavily. Startling disclosures are probable, but Examiner Caldwell will say nothing till he concludes the investigation. Johnson was also president of the Monticello bank, and it has suspended, seriously involving Monticello business houses. Excitement is high, and runs on other banks are feared.

Gen. Horatio King Dead.

Washington, May 21.—Gen. Horatio King, who was postmaster general during a portion of Buchanan's administration, died in this city at 8:20 Thursday. While acting as postmaster general Gen. King was questioned by a member of congress in regard to the franking privilege. In his reply Gen. King was the first officialy to deny the power of a state to separate from the union.

Fire Loss at Toronto.

Toronto, Ont., May 21.—The John Eaton company's departmental store and stock, approximating about $250,000, went up in flames at 3:30 o'clock Thursday morning. John Eaton, whose name the operating firm used for business purposes, states that the loss is fully covered by insurance. Buildings adjoining suffered from smoke and water to the extent of about $25,000.

Coal Miners Will Strike.

Pittsburg, Pa., May 21.—In accordance with the action taken at the miners' national convention recently held in Columbus, O., the miners of the Pittsburg district are preparing for a general strike for the restoration of the 89-cent rate. The miners' officials are reticent, but it is understood that the strike will take place about the first week in June.

Injured by a Storm.

Indianapolis, Ind., May 21.—A severe wind and rain storm swept over this city at 3 o'clock Thursday afternoon. The most serious damage was done at the corner of Pratt and Illinois streets, where a horse and a dog show was being given under a large tent. The tent was leveled and the hundreds of spectators were panic-stricken. Several were more or less injured.

west plaza of the city hall, and was erected by contributions of the college alumni. The unveiling exercises included addresses by Gen. Louis Wagner and Gov. Hastings. The oration was delivered by James M. Beck, and Mayor Warwick responded. The statue is of standard bronze. The height of the figure, including the bronze plinth upon which it stands, is nine feet three inches, and the total height of the monument is sixteen feet four inches.

D L REPORT.

Results of the Games Played in the Various Leagues Yesterday.

Chicago scored fourteen runs yesterday, pounding three Washington pitchers, but at that were two runs short at the close. Of ten clubs engaged eight finished with double figure scores. Louisville and Brooklyn scored twenty-five between them, with the Colonels one ahead at the end of the thirteenth inning. Cincinnati stopped Baltimore's winning streak in a close finish. Pittsburg and Boston rolled up large scores against Philadelphia and St. Louis. No changes in standing occurred, but Chicago and Washington are close together. Scores of games:

A SUIT AGAINST SPAULDING.

University of Illinois Seeks to Recover from Ex-Treasurer

Chicago, May 21.—The University of Illinois has filed its declaration in the Circuit Court in the suit whereby it seeks to recover $600,000 from Charles W. Spalding, who was treasurer of the institution. The defendants are Charles W. Spalding, Solomon Spalding, John Hayes, Dr. A. W. Harlan, Charles J. Ford, A. Mitchell, Frank H. Bernritter, Thomas White, Fred W. Norwood and Everett B. Camp.

The declaration sets forth that the university intrusted to Spalding's care $150,000 in money and $500,000 worth of bonds, which he has failed and refused to deliver to his successor.

Radical Bill Passes Reichstag.

Berlin, May 20.—The reichstag passed the bill introduced on May 31 by the radicals, socialists, anti-Semites and Poles providing that German associations of any kind may combine with each other, and repealing all laws to the contrary.

American Consulate in Danger.

Key West, Fla., May 21.—It is rumored here that a mob in Havana has made demonstration against the American consulate. The report is not certain, however.

SERVE SEVEN MONTHS IN THE BASTILE

ILLINOIS HOUSE PROPRIETOR IS SENTENCED.

The Next Seven Months Will Be Passed in the Winnebago County Jail At Rockford—Ae Got Ten Days Each On Twenty-one Counts and Was Fined In Addition.

Beloit, May 21—If nothing happens to Hiram Rivenburgh in the meantime, the proprietor of the Illinois House, the "joint" on the state line, will be a free man three days before Christmas.

Rivenburg was brought into court at Rockford to be sentenced under the verdict returned against him last Monday. He was in his usual frame of mind and appeared to take things as philosophically as possible under the circumstances. He didn't appear very much worried over what he would get, but seemed anxious to have the thing over with. Judge Garver asked the old man if he had any excuse to offer why sentence should not be pronounced. Rivenburgh could think of nothing except that he had lived in a bad neighborhood and thought he wasn't much worse than the rest of them. On the first count of the indictment Rivenburgh will pay a fine of $100 and the costs of the prosecution, besides serving ten days in the county jail. On each of the other twenty counts he will serve ten days.

ILLINOIS LAWMAKERS RIOT.

Illinois Representatives Engage in An Unseemly Demonstration.

Springfield, Ill., May 21.—Around the speaker's desk in the house great disorder raged Thursday. It began in a riot of noise from the obstructionists and nearly ended in a free-for-all fight among the representatives. An inkstand was hurled at Speaker Curtis and stopped by Representative Patrick J. Meaney, who was struck in the face by it. Bill files were smashed in pounding the desks, coats were torn to pieces and waste baskets were flung across the house. Desperate fighting would have ensued but for the action of cool-headed members.

The disorder lasted an hour and a quarter and began over the refusal of the speaker to recognize Representative Novak and the determination of the latter to be heard.

TO TAKE A REST FROM WAR.

Seventeen-Day Armistice Between Turkey and Greece.

Athens, May 21.—An armistice has been concluded between the land and sea forces of Greece and Turkey, to extend over a period of seventeen days. It is learned on unquestioned authority that the powers have agreed upon the chief condition of peace, namely, indemnity to the amount of £5,000,000, guaranteed by a control of the Greek customs and the rectification of the frontier, details as to which have not been settled.

Says Durrant Is Innocent.

Montevista, Col., May 21.—William T. Bryant, an aged inmate of the soldiers' home at this place has made a sworn statement to the effect that Theodore Durrant, who is under sentence of death for the murder of Blanche Lamont in Emanuel church, San Francisco, is not guilty of the crime, but that the Rev. J. George Gibson, pastor of the church, is the murderer. He says he was in the church the night of the murder and saw the Rev. J. George Gibson with a woman in his arms in the body of the church, going toward the south corner of the church.

To Establish Neutral Zone.

London, May 21.—The armistice agreement stipulates that a mixed commission of officers of superior rank shall ebstablish a neutral zone between the two armies and that no advance on either flank shall be permitted. It is understood that Turkey wants the commission to be constituted of the foreign military attaches with the two armies.

Appealed to the Czar.

London, May 21.—Crown Prince Constantine, it is said, sent a personal appeal to the czar not to allow the Greek army to be crushed by a force four times greater than itself, and as a consequence the czar insisted on the armistice.

Grain Bill Reported Favorably.

Springfield, Ill., May 21.—The house committee on judiciary, by an almost unanimous vote, Thursday ordered a favorable report on the senate bill to permit elevator owners of class A warehouses to buy and sell grain.

President to See Nashville.

Washington, May 21.—The President has finally decided to go to the Nashville exposition next month. He has fixed upon June 12 as the date, and will doubtless be accompanied by some member of his cabinet.

For Special Assessment Revision.

Springfield, Ill., May 21.—By a vote of 26 to 9 the senate Thursday passed Mr. Dwyer's special assessment bill revising the law in relation to local improvements. The bill is of importance chiefly to Chicago.

PARADE FOR PRIZES AND A BIG CAKE

COLORED PEOPLE DIDN'T ALL LOOK ALIKE.

There Was a Hot Time In the Old Town Last Night, and the Swell Colored Men and the High Born Ladies Were Much In Evidence—The Ones Who Won Prizes.

Professah Sam Townsend was at his best.

Whose smile so unctuous?
Whose bow so sweeping?
Whose gesture so seductive?

It took but a moment to show why Professah Townsend had vanquished all comers at the cake walk game.

But if the professah was good, he had his rivals.

There was James Lehman.

Lehman has walked on the yielding sands of New Jersey, and his gait has taken on a roll and a dip that few can acquire. Some of his jealous associates, who scoff at reports of his eastern triumphs, say they wouldn't if they could. Charles Hopley, for instance, scorns any assumption of the nautical. His place of residence may have something to do with this fact. He comes from Evansville, which place is noted for its dryness. Something about the customs of the place has given him the habit of slipping along noiselessly on tip toe, and he enshrouds a cake walk audience with a sense of mystery.

With Pomp and Circumstance.

James Diamond offers a marked contrast. He has no end of grace, but it is grace of a different sort. It is the imposing grace of the drum major. James affects the military in walk and deportment and "presents arms" as a delicate tribute to his lady instead of looking up into her eyes "wiv' a smile, that 'd chahm a buhd out of a cage,' as Professah Townsend is described as doing.

With artists like these to enlighten them Janesville folks need no longer own their ignorance of cake walk customs. Six hundred looked on last night while thirteen couples teetered and swung, bobbed and bowed across the Armory floor.

First there was a program of plantation choruses, quartettes and solos. The one man band did things to a bass drum, a pair of cymbals, a snare drum, a triangle and six or seven other instruments — things that mocked the power of words to describe. A husky Rockford man sang out of one side of his mouth with a zeal that moved the audience to loud applause, and did a dance in which he pounded feet, hands, knees, elbows and neck against the floor with rhythmical impartiality.

Cake Walk Began Late.

It was 10:30 before the cake walk began, on account of delay in the arrival of Rockford couples. There were thirteen couples when they finally lined up and they were all eclipsed for a moment by the glories of their leader, whose feet moved in and out with added intricacies as the hour advanced. James Lehman and Mrs. Stella Carr were the first to rally, and they courtesied around the corner in a way that made the spectators gasp. Pair after pair the others followed. Janesville had but one couple in the race—Willie Farrell, in white duck trousers, and Fred Taylor in voluminous skirts -but they won enough applause for half a dozen. The contest narrowed down by 11 o'clock to four couples, and from them the prize winners were chosen, the judges receiving plenty of advice from hoarse-throated enthusiasts, while the selections were being made.

William Harris and Eva Harris of Rockford, captured the first prize, the cake and $25. James Lehman of Atlantic City, and Mrs. Stella Carr of Rockford, captured the second prize of $15, while Mr. and Mrs. George East were awareed the third prize, $10.

The others who participated in the cake walk were: William Eaton and Ada Harris, C. Straughers and Levina Woods, John Hunt and Mrs. R. Boyd, C. Hopley and Mrs. Mary Thompson, J. Straughers and Miss Hill, Mr. and Mrs. James Diamond, John and Dora Ethridge, Willie Farrell and Fred Taylor, W. Straughers and Miss Rober, John Rederick and Lola Bell.

GROWTH OF JANESVILLE STORE

City Has One of the Best Clothing Stores in the State.

T. J. Zeigler's emporium is just now the Mecca for mothers of the city and county. The stock of children's clothing that is on display is seldom equaled and never surpassed by the present store. Zeigler has a merited reputation for selling the best quality of goods at very reasonable prices. Never is the quality so essential a point as in providing for the wants of the growing boy. Zeigler does not warrant that his clothes will stand the wear and tear of leap frog, tree climbing, sliding down bannisters and what not, but he does claim that the goods will come out of the strain in better shape than those of an inferior quality.

One very noticeable feature of the Zeigler stock is the up-to-date character of his patterns. Not only are the clothes of an attractive character, but they are cut in the latest styles, and cut to fit. His boys' round cut sack suits are beauties. He has them in all grades. Judging from the stock on hand a specialty is made of school suits.

Provisions for the wants of the little shaver are very much in evidence. Children's double breasted two-piece knee pant suits are his hobby. It is seldom that as pleasing a display is made of sailor suits. They are all colors, trimmed in various styles. The styles of these as well as all others are strictly correct. They are not twelve months behind the season. They do not measure their stock of knee pants by the dozen, but by the cord and car load lot.

It would be doing an injustice to create the impression that the only attractive display at Ziegler's is in childrens goods. Every want of mankind in the clothing line appears to have been anticipated, Just now it it eminently proper to talk of summer goods. Spring overcoats are by no means *passe*. He has these galore. Purchasers are already beginning to look about for summer supplies. His hot weather department will prove a refuge when the sun shines and dust blows. Linen dusters, light sack coats, gauze underwear, summer shirts and easy collars that are not constantly a strain on the nerves are a few of things that make Zeigler's a source of gladness to the flesh.

Every well regulated clothing house carries a large stock of standard goods. Zeigler has always had the reputation of having an excellent assortment, in fact, a person who could not find what he desired would be one that would be indeed hard to suit.

The big store on the corner carries the same assortment that is to be found in any of the more pretentious establishments in the large cities, and of his patrons are not called upon to pay their proportionate share of enormous rents and hire of a large staff of clerks.

The every day wants of man in the business and social world have been provided. The enumeration of some of the attractive features along this line should not be missed. Just now there is a run on men's sack suits. The assortment is surprising. Inspection is always invited. The invitation reads: "Come in and look us over whether you are ready to buy or not." Men's round cut sack suits suitable for business wear are just now popular. The men's three-button frock suits are certainly beauties. They are finished in the most approved style. Men's double breasted Prince Albert suits are getting to be more and more the fashion. This growing want can be readily supplied at a price far below custom tailors, and with a distinction of fit and finish that many custom made suits lack. The trousers that Zeigler sells are up-to-date in cut, and have the commendable quality of not bagging at the knee after being worn one or times. There are some particularly handsome patterns, stripes and checks.

There are so many strong points at Ziegler's that it is almost invidious to institute comparisons. Nevertheless it is possible to say with strict regard for the truth that the line of furnishing which he carries may be considered very much in the light of specialities. It may be declared safely that everything can be found there to suit the most exacting taste. Take for instance golf stockings. The demand this year for plaid tops and striking figures is met by the imported McGregor weaves that are Scotch enough to have come straight from Thrums. That they are appreciated is evidenced by the striking display that may be seen any day on the Buckleton links.

There is another thing in this same line that commands attention. It is bike suits. There all kinds of good suits at prices to suit and the quality offered at $5 and $7 has been a surprise to everybody.

Manager Smith may be pardoned if he displays a little vanity in exhibiting his hat display. The Miller and Knox makes are known the world over. The latest blocks are to be found there at the one price of $5. The president of the United States could not buy them for less. The Stetson $3 50 hat is modeled on the latest blocks and is exceedingly popular on account of excellence of quality and beauty of line.

All of the colors of the spectrum are to be seen in the neck tie department. This is notably a year of color in the furnishing trade and the stock in question is in every sense up-to-date. This particular department is proving quite an attraction to members of the gentle sex. Almost everything in the way of neckwear for shirt waists just now so popular is provided.

Then there are other supplies essential in men's furnishing which are kept up to a high standard of excellence. Suspenders, collars and cuffs, mackintoshes, umbrellas, trunks and valises are all shown in variety.

TWO LADIES OUT FOR A LONG WALK

TRAMPED FROM SPOKANE TO NEW YORK.

Journey From Washington To the Opposite Side of the Continent, Was Made On Foot - Get $10,000 For the Trip — Spent a Day At Evansville

Orfordville, May 21—While Mrs. O. P. Bostwick was going to her home in Evansville, from Orfordville, she overtook two women, Mrs. H. Estby and daughter, who, for $10,000, have walked from Spokane, Wash., to New York City. They are now on their return trip and are making a portion of the distance on foot for the purpose of taking some views which they had taken upon their first trip but were unfortunate enough to lose. They were entertained over night at Evansville by Mrs. Bostwick and started the next morning for Madison. They have taken notes upon their trip, and these will be turned over to the gentleman who is to pay the $10,000. He will soon publish them in a volume.

Their route included Canton, and among the autographs of celebrities is one of President McKinley. The ladies wore bicycle suits and carried all their baggage, including kodak, with them. They each carried a revolver. They recount many hair breadth escapes, having at one time in self defense shot one man's hat off and wounded another severely in the leg.

THE TEACHER'S MEET AT MILTON

Club Closes Its Year of Work---Some Other News.

{THE GAZETTE AGENCY.
W. W. CLARKE, Manager,
Milton, Wis , May 21, 1897.

The Milton Teacher's club closed its year of work Tuesday evening at the school building in this village. At the close of the business session an adjournment was taken to the room below where ice cream and cake were served. Then followed toasts with Superintendent Throne in the chair. "Our Country Institutes and Conductors", Principal Clarke; "The Milton Teacher's Club", Prof. J. W. Galbraith, of Whitewater; "The Study of Pupils" Miss Alice Millar; "Hints from Psychology", Miss Margaret Youngclause; "The District School", H. Palmer; "The Night We Celebrate", Miss Mary Humphrey. The toasting was enlivened with instrumental music by Misses Stockman, Button and Prof. Crandall and vocal music by Misses Jessie Davis and Stephens and Mrs. Cole. Superintendent Throne offered appropriate remarks and congratulated the club on its successful work.

Freight trains 67 and 68 which have been running between this village and Janesville for many moons, arriving and departing between the hours of noon and 1 o'clock, have been discontinued. This action on the part of the company will be deplored by our citizens as the trains were a great accomodation to those who wished to make a flying trip to and from Janesville.

A blunder in the name of a person in a city daily, particularly when the cognomen is a peculiar one and its owner a non-resident is not an unpardonable error, but similar errors in a little country weekly where the editorial staff has but a few columns of proofs to read during the week is inexcusable and residents should refrain from throwing rocks at their neighbors.

Mrs. S. R. Wheeler and daughter Clara, of Boulder, Colorado, arrived in the village Wednesday and will visit their relatives and friends, until after the graduation of Mrs. Wheeler's son, Herbert, with the class of '97.

James Vincent and H. Schultz sold their '96 crop of tobacco this week to Grundy of Janesville, at 4 cents. This clears up last year's crop in this locality.

On motion of Com. Mouat the report was adopted, all voting aye.

Com. Burpee offered the following resolution, which will lay over until the next regular meeting.

WHEREAS, There are now seventy-eight pupils from Spring Brook and the southerly side of the river attending the Webster, Douglas, Jefferson and Lincoln schools, thirty-three of whom are from five to seven years of age; and

WHEREAS, The distance is too far for pupils of that age to travel in attending school and there is considerable hardship and danger in crossing the Jackson street and Monterey bridges at all seasons of the year; and

WHEREAS, There are many more pupils that would attend school if the conditions were different and they could do so with safety; and

Whereas, The Board of Education deem it just and desirable to construct a building south of the river to accommodate said pupils, at a cost of about $1,500 or $2,000; now therefore, be it

Resolved, That the Board of Education recommends to the common council the purchase of one acre of ground for the sum of $300 from Matilda Bailey in accordance with the proposition submitted by her for the purpose of a school site.

On motion of Com. Mouat the board adjourned.

A FREE BICYCLE.

Sanborn Will Give Away a Lady's and Man's Wheel.

Two handsome bicycles may be seen in Sanborn & Co's display window, but they are not for sale; buch better than that, they are to be given away. The plan is this: With every 50 cent purchase of tea or coffee, a numbered coupon will be issued, and after the limited number, which has been provided are disposed of the person holding the lucky number has the choice of either bicycle, the wheels are both high grade and machines that any one could well feel proud of securing. Quality in teas and coffees is not to be sacrificed in the least, the same goods for which Sanborn has acquired such a reputation will be sold at the same low prices and it is expected the giving away the wheels act as a drawing card to trade. Don't fail to secure a ticket with your coffee or tea purchase.

TOBACCO MEN TAKE A REST

But Very Little is Doing in the Local Leaf Market.

Local tobacco market conditions remain unchanged to any appreciable extent, says The Leaf. Hardly any riding is done and nearly all of the packers are enjoying themselves as their fancy dictates. The tariff agitation and tying up of large sums of money by the taking of large quantities of Sumatra and Havana out of bond has almost entirely stopped any speculative transactions.

Traveling is Extra-Hazardous

If the tourist is unprovided with some medicinal resource. Changes of temperature, food and water of an unaccustomed or unwholesome quality, and a route that lies in the tropics or other regions where malaria exists, are each and all fraught with danger to one who has been improvident enough to neglect a remedial safeguard. The concurrent testimony of many voyageurs by land and establishes the fact that Hostetter's Stomach Bitters enables those who use it to encounter hazards of the nature referred to with impunity; and that, as a medicine adapted to sudden and unexpected exigencies, it is peculiarly valuable. Disorders of the liver, the bowels and the stomach, fever and ague, rheumatism and nervous ailments, brought on by exposure, are among the maladies to which emigrants, travelers and new settlers are most subject. These and others yield to the action of the Bitters promptly and completely.

SILENT SUFFERERS.

Women do not Like to Tell a Doctor the Details of Their Private Ills.

The reason why so many women suffer in silence from the multiple disorders connected with their sexual system is that they cannot bear to broach the subject to a man, even if he is a physician.

No one can blame a modest, sensitive woman for this reticence. It is unnecessary in these times, however, for a woman makes to all afflicted women a most generous offer. Mrs. Pinkham of Lynn, Mass., bids every woman who suffers to write to her and confide every symptom that annoys her, and she will give her advice without charge, and that advice is based upon the greatest experience ever possessed by man or woman in this country, and extends over a period of twenty-three years, and thousands upon thousands of cases. Why suffer in silence any longer, my sister, when you can get help for the asking? Don't fear to tell her everything.

The case of Mrs. Colony, whose letter to Mrs. Pinkham we publish, is an illustration of the good to be received from Mrs. Pinkham's advice; here is a woman who was sick for years and could get no relief—at last in despair she wrote to Mrs. Pinkham—received in return a prompt, sympathetic and interested reply. Note the result and go and do likewise.

"I was troubled with such an aching in my back and hips, and I felt so tired all the time, and had for four years. For the last year it was all I could do to drag around. I would have such a ringing in my head by spells that it seemed as though I would grow crazy. I ached from my shoulders to my feet and was very nervous. I was also troubled with a white discharge. I wrote to Mrs. Pinkham at Lynn, Mass., received a prompt reply and followed her advice, and now I have no backache and begin to feel as one ought; in fact, I never felt better in ten years than I do now. I thank God that I went doctoring with Mrs. Pinkham when I did, for if I had not I know I would have been in my grave."

SPAIN CALLED TO ACCOUNT.

There is plenty of room for doubt whether the senate has the power to tell President McKinley to acknowledge the belligerency of Cuba. There is no doubt, however, as to the right of congress to appropriate funds for the relief of Americans in Cuban garrisons. Moreover, the appropriation of these funds should bring Spain face to face with the truth that her military policy in Cuba is cruel and unusual. The condemnation of the policy is within itself, and not in providing for its results affecting the lives of our own citizens. General Weyler's military operations in Cuba up to this time have failed. He has not forced a battle, which is an essential part of a soldier's business when commanding a largely superior force. His line of works, reaching entirely across the island, has been practically useless. His treatment of wounded and other prisoners has been merciless. Now his concentration order, aimed at the innocent and at the non-combatant, is turning Cuba into a vast graveyard. The action of congress proposes to shelter American citizens from this atrocious decree of desolation. If Spain finds in the action an arraignment of her course, it is because to refer to it in any way can have no other effect.

NO NEED OF HASTE.

Congress can afford to spend considerable time discussing Cuba and the tariff before any steps are taken toward a rearrangement of the currency system. The currency now in existence is all good as gold, and the only complaint made of it is that everybody cannot get as much of it as he desires. This is a complaint which would be made under any conditions, and no heed should be paid to it. Whoever has labor or the fruits of labor to sell, or who enjoys good credit with lenders, can obtain all the money he is entitled to, and no others are entitled to any at all. The possibility of legislating it into the pockets of the poor and the improvident is a fallacy which it is idle to cherish.

Fifty lambs sold in Tracy, Walworth county, for $3.75 a head this week, and the democratic owner, who sold sheep for 50 cents a head a year ago, thinks the Cuban war must be reponsible. He can't realize yet that a protection tariff makes such a difference, but the next four years will give him light.

Whenever you are disposed to object to the way things are managed in this country, just think of the man who was imprisoned for criticising the emperor of Germany, although the criticism was made in the privacy of his own home and was heard only by members of his own party.

Half a dozen Wisconsin cities have cut the salaries of city officials, and Whitewater now cuts the pay of laborers in the street gang to $1.25 a day, teams $2.50. First thing we know somebody will be asking that a full day's work be given.

The democratic programme is to drop silver for a time, in order to try to elect legislatures that will send democrats to the Senate in New York, Ohio, and Maryland, states which have recorded themselves against free silver.

Senator Spooner stands for Cuba as strongly as does the most ardent of the war senators, but he believes in letting the president exercise the power bestowed by the constitution.

We are a little bit afraid that the Texas youth who murdered three men, two of them brothers of the bride, in order to elope with a girl, will not make a model husband.

Jerry Simpson no longer believes it possible to extract fun out of an attempt to worry Speaker Reed.

Crimes have been committed in the name of civil service reform that no spoilsman would be guilty of, and that accounts for many of the enemies of the present system.

The travelers must have been refusing to give up with their usual liberality, as the Pullman car porters have asked for an increase in their wages.

The republican who thinks the formation of a new party is made necessary by his failure to get office is an almighty poor republican.

Senator Deboe of Kenecky, neither drinks nor smokes. Maybe it was keeping a clear head that got him elected to the senate.

One of the principal indnstries of the Kansas populists is defending themselves from charges of dishonesty made by populists.

CATARRH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

LANDRETH'S SEEDS ARE GOOD GROWERS.

WILLITS TO LEAVE FOR MILWAUKEE

WELL MERITED PROMOTION GIVEN HIM.

He Will Be In Charge of the Four Exchanges In the Cream City—Is the Best Managerical Position In the Gift of the Telephone Company—Successor Not Selected.

Untiring efforts so please the customers and unflagging zeal in the interest of his employers has brought to C. H. Willits of the local exchange, of the Wisconsin Telephone company an offer of well earned promotion. Next week he leaves for Milwaukee where he will act as sole manager of the four exchange offices now in that city.

General Superintendent C. B. Cottrill arrived in the city from Milwaukee yesterday and offered Mr. Willits the place. Mr. Willits accepted and is now making plans to leave Janesville.

For sixteen years Manager Willits has been an employe of the company. His promotion places him in the front rank. Milwaukee is the largest and most important telephone station that the Wisconsin Telephone Company controls and the selection of the Janesville manager to fill it is a mark of high honor.

Made a Fine Record.

Six years and six months ago Mr. Willits was sent from Milwaukee to this city. At Milwaukee he was acting as inspector of lines, and his transfer was a step upward. When he first took hold of the business in this city there were 123 'phones in daily use, while today there are just 258 on its list, while several more are to be put in immediately.

Six years ago not one long distance metallic line entered the city, while today they come from all directions. This growth of business was largely due to the unflagging zeal of Mr. Willits. No customer ever asked the local office for a favor that could be granted, and met a refusal. It was a pleasure to Mr. Willits, apparently, to extend courtesies, and it was this quality that made him a favorite with all with whom he had business dealings.

Once Lived in Milwaukee.

Mr. Willits will not be a stranger in Milwaukee. His parents still reside there, and as above stated, he formerly lived in that city.

The numerous frends of both Mr. and Mrs. Willitz will regret much at their leaving the Bower City, and they will take the well wishes of many friends to their new home.

Just who will fill the position of local manager, has not as yet been decided on, but in all probability the new manager will be selected from candidates outside of the Milwaukee office.

RAISE MANY VANILLA BEANS.

Agents For a Big Plantation in Town Yesterday.

J. E. Starrion, of Boston, who represents one of the largest vanilla bean firms in the world, was in the city yesterday having recently recently returned from an extended visit at the company's plantations in Mexico. Mr. Starrion says that his firm owns and controls a plantation of 5,500 acres that is utilized for no other purpose than for the raising of these beans.

CALK WALKERS LEFT TODAY.

Suspicion That the Same Cake will Be the Prize at Beloit.

A good sized crowd were at the St. Paul depot this morning to bid farewell to the Rockford cake walkers who left on the 9:39 train. They carried the cake with them, and there is a suspicion that the same cake will answer the same purpose in Beloit, where the walkers will shine this evening.

CUPID'S PLANS CONSUMATED.

Schumacher-Glass.

Yesterday afternoon at the parsonage of St. Paul's Lutheran church, the Rev. J. C. Koerner spoke the words that united as husband and wife Frederick Schumacher and Elizabeth Therese Glass. Miss Emma Glass, sister of the bride, acted as bridesmaid, while George Schumacher, brother of the groom, was the groomsman. Both the bride and groom are residents of this city, and will continue to reside here.

Wellesley Players In Camille.

Last night at Myers Grand Marie Wellesley and her company presented "East Lynne" and gave a splendid production of same. The roles assigned to the different members being carried out to perfection, and the costumes were correct and handsome. Marie Wellesley is deserving of special mention for the very able manner she assumed the character of Lady Isabel. Tonight several theatre parties have been organized and will attend the opera house to witness Duma's great play "Camille". The company has received great praise for the splendid performances they give of this well known play, which was made famous by Miss Clara Morris. Special preparations have been made to give a strictly first class production, it being the best play this company presents. Tomorrow night "The Octoroon" will be the bill, and a grand Saturday matinee; 10 cents to any part of the house. Bicycle given away Saturday night is a $60 Hartford.

Miss Kittie Ford, who has been studying designing cutting and dressmaking in the Armour Institute, Chicago, for a year will graduate next week with high honors. She has won especial commendation for her tailor made suits and the three which she has finished in the last few weeks as proofs of her skill have been admired greatly. One for the making of which she received $40 was of red silk trimmed with heavy black silk braid and made with a bolero jacket. Miss Ford is credited by her instructors with a keen sense of the picturesque and desirable positions in Chicago are open to her if she sees fit to accept.

MR. M'KINNEY TALKS OF THE HORSE YARN

SAYS HE BOUGHT NO ANIMAL FOR GEN. DOE.

He Was Not Working for Him At All; Was Not Cismissed by "Doe's Successor" as the Office He Held Was Abolished Before Doe's Successor Was Named.

The Chicago Times-Herald of this morning prints this dispatch:

"Washington, May 20—The auditor of the treasury has disallowed a claim of $150 for a saddle horse alleged to have been purchased at Chicago for Joseph B. Doe of Wisconsin while that gentleman was secretary of war.

"The papers in the case show that General Doe appointed a Wisconsin man by the name of McKinney to buy horses in and about Chicago for the United States cavalry. McKinney held the place until General Doe's successor dismissed him. McKinney, acting apparently under the orders of General Doe, bought a riding horse in Chicago for $150 and delivered the animal to the quartermaster of the army at Chicago for shipment to Washington.

Wrote General Doe.

"The quartermaster, under the impression that the animal was bought for the private use of General Doe, sent the bill to him at Milwaukee, and asked instruction about shipping the horse. General Doe sent the bill back and requested the quartermaster to ship the animal to the war department in Washington.

"The quartermaster made the shipment accordingly and approved the account as an expenditure for the public service. When he made his regular settlement with the treasury the auditor found no authority for the purchase of the horse and refused to allow the item. The animal will therefore have to be paid for by the quartermaster at Chicago."

Mr. McKinney's Denial.

Henry D. McKinney was seen this afternoon and said:

"I deny that I ever purchased a calvary horse for General Doe. I deny that I was dismissed by General Doe's successor, as the office of 'civilian horse inspector' was abolished before General Doe's successor was appointed. I was never employed by General Doe, but was employed by the Quartermaster General.

BREWERS WANT TO BUY ICE

Agents For Big Concern Here Looking For Crystal Blocks.

Chicago parties representing large brewery concerns, were in the city this week for the purpose of contracting for 6,000 tons of Janesville ice. The City Ice Company would not promise them such a large contract, but did not make a proposition to supply them with 4,000 tons. Chicago brewers claim that the ice taken from the river in this vicinity is above the average quality.

THE JURY NOW HAS THE CASE IN HAND

SELLECK DAMAGE SUIT TRIAL ENDS.

The Arguments Were Finished This Afternoon, and It Is Expected That the Twelve Men Will Go Out In a Few Hours — Other Court Proceedings.

Whether or not Mrs. Mary E. Selleck is entitled to $5.000 damages from the city of Janesville as injuries received as the result of a fall sustained at the corner of River and Milwaukee streets in 1893, is probably now for the jury of twelve men to decide.

The arguments were finished this afternoon. The witnesses who were sworn today in rebuttal by the plaintiff were Luella Patchin and Dr. Walter Kempster, while the deposition of the plaintiff was also read.

At 9:45 o'clock Attorney Fethers opened the arguments on the part of the plaintiff. At 11:15 o'clock City Attorney McElroy made a strong argument for the city and Attorney William Ruger, who is assisting close the city's case.

This afternoon Attorney M. G. Jeffris made the final address to the jury. It is expected that the jury will take the case in hand late this afternoon.

Other Court Proceedings.

In the case of Edno M. Kaylor vs. George A. Kaylor, a divorce was granted. Both parties are well known in this city and were married here but two years ago. Mrs. Kaylor will be remembered as Miss Edna Carter.

A judgment of foreclosure was ordered for the plaintiff in the case of Herman Krohn vs. William Gerse et al.

In the case of Albert Schaller et al, vs. George H. Smith, administrator, et al, a judgement of foreclosure in the first case of action for $303.39 was ordered, and of $25 78 on the second cause.

In the case of Dibley Johnson, a discharge of mortgage was ordered.

A full attendance is hoped for, as very important business will come up. Robert Clark, Ch'm.

A Cheap Suit...

Looks well the first four weeks you wear it. How about the end of the season? A really good suit should be presentable and satisfactory for steady wear the second year. Not so with the showy, cheaply made garment. The "good looks" are gone; so is the cloth and lining. Easy to see that the carefully made suit is the cheapest. Even if it did cost a few dollars more at the start you are ahead at the finish.

VARIOUS NOTES.

Elder Flower Water For the Skin—About Pet Dogs.

Women who are troubled with frequent headaches should be careful about wetting the head. When it is necessary to wash the hair, alcohol, instead of soap, may be used in the water, which insures the hair drying much more quickly.

Bran water and elder flower water are both very good for the skin, and as they are not cosmetics there can be no possible objection to their use. Before applying them to the face it should be carefully washed with fine soap. The old fashioned theory that soap should never be employed for the face is a false one, for if the hands, which are washed much more frequently, require soap surely the face, which is usually moist with invisible perspiration and catches a great deal of the dust floating in the atmosphere, ought to be bathed in soap and water at least once a day.

It is said that when the kennel of a pet dog is infested with fleas the intruders

LITTLE GIRL'S COSTUME.

may be routed by putting sprays of tansy or leaves of the walnut tree in his bed. Insect powder is the only thing that will destroy fleas on the dog himself. It must be well blown in among the hair from head to tail.

The illustration given today shows a costume for a little girl 8 years old. The plaited skirt of sky blue mousseline de soie is made over a plain skirt of silk to match. The blouse bodice and the sleeves are of mousseline de laine, and there is a bolero of emerald green velvet embroidered with gold. Full double sleeve caps of the embroidered velvet are placed at the shoulders, and there are also velvet cuffs and belt. The sailor hat of white straw is trimmed with white satin ribbon.

FASHIONABLE COLORS.

Green, Violet and Blue—A Silver Gray Broche Bodice.

The shops are literally overflowing with pretty things this spring. There are so many novelties and such a bewildering variety of color and form that it is difficult for the chronicler of fashions to select a starting point. All the multitudinous changes and details cannot be described, and which are to be considered as typical may puzzle the wisest heads. As to colors, green first in all its shades, then violet and then blue may be considered in the van. All shades of green are worn, and all shades of green combine well. This may be said, with less absolute truth, of violet and purple, while it is well known and felt that different blues are decidedly discordant. Nevertheless they are put together by fashion, and the harsh result, however unacceptable to the artistic eye, meets with approval for the moment. Combinations of different blues are, however, better than combinations of blue and purple, an abomination of the season that flaunts itself in all the millinery emporiums. Bluets and violets, those natural enemies, are compelled to declare a nominal truce and appear on the same headgear. This is a return to the 1830 period with a vengeance. Say what you

BODICE.

will of the æsthetic craze, it kept in view the fundamental laws of color harmony and did not outrage taste, although it may have surprised it. Now barbarism is rampant, not merely in the form of the primary colors, which always combine well in good hands, but in wonderful variations of shade which nobody except nature herself, with her resources of atmosphere and distance, can hope to bring together with happy effect.

The illustration shows a bodice of silver gray broche silk covered with pompadour bouquets. The back is slightly gathered at the waist, while the front is draped and crossed, fastening at the right side with steel buttons. Folds of white satin adorned with three narrow green velvet bands outline the crossed portion and form coquilles where it fastens. The sleeves of broche silk have cuffs of white satin embroidered with green and rose and turned back shoulder caps of broche silk lined with embroidered white satin. The collar is of white satin and green velvet, and the belt is of the same.

GIVES STRENGTH TO MEN

Free To All Who Are Weak And Worn

A METHOD TO CURE AND INCREASE THE POWER.

It is a remarkable fact that a man never appreciates the sufferings of others until he himself has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and money gladly for the

benefit of others and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, the natural outcome of habits that brought incapacity; a sense of lonesomeness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 492, Kalamazoo, Mich. He will send free by mail, in a plain, sealed envelope, full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method that Mr. Slater used to cure himself of the troubles that sap the strength and vigor and also enlarged his organs to natural size. The cure was complete, so satisfying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and sufferings of others. There must be generous men in this world to off set the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method.

May Days are Busy Days Here.

Never has our trade been better than this season, and people keep on coming and buying in a way that indicates they appreciate our values.

We have endeavored to show a more complete and desirable stock of general dry goods than ever before, and the business we are doing leads us to believe we have succeeded. Also that have not only beat our own record, but that of our competitors as well. In some departments the values we offer are nothing short of surprising; especially is this true of Wash Goods, light weight Underwear, Hosiery Shirt Waists, &c.

It is values like these that turn the trade tide our way:

Lined leather Belts in the new tans and greens, monkey skin, also seal leather—25c,

The latest Chatelain Purse, with chain, in brown, tan and green, new shape, gilt frame—50c.

Pure Milanese Silk Mitts, with inserted glove thumb, black only—19c.

Ladies' derby ribbed Vest, silk stitched, with satin ribbon at neck, pearl buttons, either half sleeve or long sleeve—19c.

Ladies' black cotton Hosiery, with white foot, snperior quality; also the new tan shades and oxblood reds—25c.

Another shipment of the Golf Cape Mackintoshes—navy blues or brown; hood is detachable and is lined with plaid silk; garments are double texture and are cut full sweep. Same price as before—$5

Women's Dresses. We never sold dresses so well. We never sold so many. It is safe to say that equal tailoring done to your order would cost more than we ask for the suit—in eight cases out of ten There is a chicness about these tailored outfits that appeals to careful dressers. Prices range from $5 to $15 for just such nobby suits as you have noticed in our window and worn by our customers. We make alterations free and guarantee the fitting.

A Boston Organization.

An interesting organization in Boston is the Needlewoman's Friend society. It is a veteran among women's organizations, having celebrated its fiftieth birthday recently. Its object is to help women in lines of purely feminine work, and work which they can do in their homes. Many women have entirely supported themselves by their needles with the assistance of the society. It has a salesroom at 149 Tremont street, where are kept constantly on sale all varieties of household linens. Very fine work is done on children's and infants' clothes. What is called "Friday work" has been instituted for the older and more infirm of the society's beneficiaries. Sixty women are employed. They come on Friday to obtain work and return it on the next, receiving 50 cents for their labors. Their delight and gratitude at being able to earn this small sum of money regularly are unbounded. The ability with which the work is conducted is shown by the fact that the receipts during the past year have been more than $5,000, and the society has $41,000 in invested funds. The treasurer of the organization is a man, Charles G. White. Mrs. A. Davis Weld is president.

Glass and Paper Clothing.

It is usually admitted that a lady's bonnet is among the most persistent articles to be found. But when ladies take to bonnets of glass they are surely going a step in the right direction. With a glass roof over her head the wearer may be at peace, even in a summer shower.

A Venetian glass manufacturer is turning out glass bonnets by the thousand, the glass cloth of which they are composed having the shimmer and brilliancy of color possessed by silk. No water can penetrate this cloth.

A peculiarly strong and light material for clothing is found in the paper used by the Japanese for underclothes. It is a thin, finely crisped or grained paper, and the clothing is sewed and hemmed as if it were of cloth. It makes a garment strong and exceedingly flexible.

A French paper has been giving reports on the testing of this material and asserts that it is particularly light and tough. When an endeavor is made to tear it by hand, it offers almost as much resistance as does the thin skin used in glovemaking. Even when wet the paper is hard to tear.—Youth's Companion.

The Rage For Red.

Some persons say that red is satan's color. If this be true, satan seems to have marked most of this city's women for his own this season. Never before has there been such a craze for red in every imaginable shade. It has extended to the women's pocketbooks in more ways than one. Leather merchants are bringing out a great variety of chatelaine bags, purses and card cases of flaming hues and are selling them fast. Some of the articles are plain; others have plain silver or gilded trimmings. Bright greens and purples come next to the reds in favor when it comes to leather novelties.

The craze for red seems to have extended literally from our heads to our feet, for rumor says that we are to wear red shoes, bright "cockscomb red," and not only red, but purple and green as well. It is hardly credible that we are to be inflicted with any such barbarous innovation in dress, but if it is to be the seaside summer resort will be just the right kind of a place to try their shocking effects.—New York Sun.

Neck Decorations.

All sorts of exquisite little neck decorations will take the place on summer toilets of the stiff military or stock collars, standing and falling ruches of india muslin, silk canvas, lisse, chiffon, etc., and little turnover collars and paquin points of white batiste and lace, which give such a dainty touch to the gown. One of the latest neck trimmings for airy gowns is a band of linen batiste not more than 1½ inches wide. This is laid in tiny folds with very narrow valenciennes lace on each edge. In the front and just at the back are points of the linen, with a medallion embroidery in each point and lace at the edge. Wide white organdie collars trimmed with lace are a finish for French zephyr gingham and colored dimity dresses, and valenciennes lace and insertion figure largely in the decoration of all thin gowns for the coming season that are made for special wear. For more ordinary uses very fine Irish laces and linen insertions are used, and some of the designs in these trimmings are exquisitely dainty and threadlike.

The Instep's Curve.

A high instep is supposed to be a mark of aristocratic descent, and possessors of the Andalusian mark believe it a sign that their ancestors never bore burdens.

Apart from this childishness, it is certain that a woman with a prettily arched foot is not averse to contemplating its neatness in a well fitting stocking and strapped slipper. The new stockings show embroidery on the instep, instead of the familiar "clocks" on the ankle. It is noticeable that the instep is embroidered in a different shade of color from the tint of the stocking itself.

These dainty pieces of hosiery should be laundered separately and not put in the wash to take their chances of sinking and swimming and being stained with the colors of other stockings.—Pittsburg Dispatch.

A Promising Young Woman.

Miss Lillian Gordon Pym of Boston has just passed the examination of the Royal College of Music in London and received the degree of associate. Although she is only 16 years old, she has already received a medal for proficiency as a pianist from the associated board of the Royal Academy of Music and the Royal College of Music, and also the degree of licentiate from the Royal Academy of Music.

Educational Note.

The man who walks the tightrope—
A feat with danger fraught—
Must teach his feet to do the feat,
And the tightrope should be taut.
—Chicago Times-Herald.

Art and Chiropody.

"Among the landscapes in my picture gallery," said the chiropodist, "I have a picture of human feet, showing their differences of peculiarities and formation among the people of different nations."

"Landscapes? Feet?" surprisedly exclaimed his guest.

"Yes," returned the chiropodist; "cornfields, you know."—Boston Courier.

Example vs. Precept.

"Harry dear, I wish you wouldn't chew gum so much. Your father says gum isn't clean, and the habit is certainly an annoying one."

"Why, mamma, I've just got to chew something! He always keeps his finecut where I can't get at it."—Chicago Tribune.

A Bargain Counter.

We have placed on our bargain counter a lot of misses' and children's oxfords, black and tan colors, sizes 8 to 2 that will be sold for 50 to 98 cents a pair, about half the usual price; also ladies' hand turned welt shoes, lace and button, broken sizes, at 98 cents a pair; regular prices $2 to $3 50. You will find the goods of fine quality, and just as represented. Richardson.

GET WELL AND STAY WELL.

GET RID OF WHAT MAKES YOU SICK AND STAY RID OF IT.

It is so simple to be well that we wonder why there are so many sick people.

Come to think about it, must be because they don't know what's made them sick.

If they knew that, they could prevent it, and when they were sick, in some cases cure themselves. But, so long as we don't take more care of our health, we shall always be more or less sick.

The simple rules of health are: Keep clean, take exercise, eat good food, scour out your stomach.

This last means: Don't tolerate indigestion Cure it with Shaker Digestive Cordial. A stomach full of undigested, fermented, putrid food is the unhealthiest thing you can think of.

Half our diseases and troubles come from the poisons of undigested food. More than half of them could be cured with Shaker Digestive Cordial.

More than half, because often when we think we are sick we are only weak, and a course of nourishing food digested without effort by the stomach (with the aid of Shaker Digestive Cordial) would reinvigorate the whole system and make us well.

A ten cent trial bottle will prove it. At druggists.

X-RAY BLESSINGS.

Patients Wonderfully Treated.

LIGHT ON HUMAN ILLS.

DR. ANNA MELVILLE, THE N. Y. SPECIALIST HAS OPENED AN OFFICE IN JANESVILLE AT 105 SOUTH MAIN STREET.

Dr. Melville is a reputable physician of high standing, having held honorable and responsible positions in the colleges and hospitals in New York.

Dr. Melville has brought from New York every instrument and medicine known to science for the cure of chronic diseases, including the wonderful X-Ray machine, by which it is possible to look into the living body and learn the cause of disease which has baffled the ordinary methods,

If you wish to see your own bones Dr. Melville will show them to you. If you wish to see a bullet or a pin through a six-inch plank she can accommodate you. You do not believe it? People die every day, because, through their ignorance or prejudice, they refuse to believe that in the discoveries of modern science there is a way provided for them to be saved. They do not realize that the world moves, that science progresses, that diseases incurable yesterday by the old methods are curable today by the new.

If you are sick, discouraged and miserable, do not waste precious time, but go direct to the Specialist, who is provided with these instruments and knows how to use them.

X-RAY USED IN DIAGNOSIS.

It is always accurate—never fails. The Doctor can see into every organ of the body. Consultation and examination is free to all who desire treatment, but no one will take offense if their case is declined, as under no circumstances will a case be undertaken that cannot be cured.

NOTICE.

This is an opportunity to secure at a price within your reach the expert services of a Celebrated New York Hospital Specialist, which you cannot receive in any other way except by an expensive trip to New York or some other large city. An interview will cost nothing, and may save years of suffering or perhaps your life.
